## TERMS OF SALE (Please Read Carefully)

1. BIDS BY MAIL, PHONE or FAX will be accepted until the closing date. All phone bids must be confirmed in writing on a signed bid sheet. Bids are treated as LIMITS. Bids are reduced where competition permits. In the case of tie bids, the first received is normally given preference. No "buy" or unlimited bids are accepted. Bids are accepted by lot number only. No lots are broken up. Bids are only executed in even dollar amounts.

2. This sale is NOT an approval sale. All material offered is guaranteed genuine and as described. Careful examination has been made of every lot. Cataloging errors will be cheerfully and promptly corrected. **FLOOR BIDDERS MAY NOT RETURN ANY LOTS** including those purchased while acting as agents. All claims for adjustment by other bidders must be made within five days of receipt but in no case more than 35 days after a sale. As the auction house acts as an agent for various consignors, NO CLAIM OF ANY KIND can be considered after settlements have been made. If a claim is not made within this 35 day period, no lots are returnable for any reason at any time. If we are notified prior to our settlement date that an opinion of condition, alteration or authenticity is being sought, the matter will remain open until such opinion is rendered. **Lots are not shipped until paid for in full.** Therefore, late payment will negate a return privilege. Any returned lot must be in its original holder with seal intact.

3. **Successful floor and mail bidders are required to pay the full invoice amount before lots are delivered. Terms of this sale are strictly cash or an approved VISA or MasterCard (Refer to Paragraph 5). Should payment be made by check(in any form), the auctioneer reserves the right not to deliver lots until funds have cleared, usually 14 business days.** First rate credit references and a 25% deposit are necessary to insure entry of your bids. Any portion of such a deposit not used will be promptly refunded after the sale. Any questions regarding the above policy should be made in writing to the auctioneer prior to the sale date.

4. **A 10% buyer's charge will be added to the successful bid price of each lot.** This 10% buyer's charge will be added to the invoice of each successful bidder without exception, and is payable by the buyer as part of the total purchase price. Additionally, 2% monthly interest is charged on all accounts 30 days past due calculated from the sale date. If any awarded lots are still on hand without a deposit 30 days after a sale, they will automatically be offered to the underbidders or relisted in the next available sale. The difference in price will be

billed to the former top bidder. Late payers should not expect to receive future catalogs.

5. **TERMS OF THIS SALE ARE STRICTLY CASH AND MUST BE PAID PROMPTLY IN U.S. FUNDS.** Payment should be made immediately upon receipt of the invoice. Payments from foreign accounts must be made in **U.S. Dollars by International Check drawn on a U.S. bank** or by wire transfer to the account of Craig A. Whitford Numismatic Auctions, c/o Manufacturers Bank, Lansing, Michigan. As a convenience, invoices may be charged to your VISA or MasterCard accounts. Please supply account number, signature and expiration date on your Bid Sheet.

6. POSTAGE, INSURANCE and/or handling fees are added to ALL SHIPMENTS. All lots to be mailed to addresses not in the United States of America or its Territories, are charged an additional 1% insurance fee unless insurance is provided by the bidder. Overseas bidders must supply full detailed shipping instructions and agree to all terms as listed herein before shipment is made. We normally use registered air mail with return receipts and proper custom tags on overseas shipments.

7. SALES TAX will be collected under the laws of the state in which the sale is conducted unless a valid resale number is presented. Sales Tax in the amount of 4% will be collected on all lots delivered within the State of Michigan.

8. TITLE TO ALL LOTS REMAINS WITH THE AUCTION HOUSE until payment in full is received. The auction house reserves the right to accept or reject any or all bids at its discretion. Generally, bids below 60% of estimate will not be accepted. By placing a bid in this sale either in person, by agent, mail, phone or fax, you agree that this agreement is made in Michigan by the auction house's entry of your bid, and that disputes concerning the agreement shall be decided by the application of Michigan law. In the event of a dispute or nonpayment, the auction house may elect to proceed judicially, in which case the bidder consents to jurisdiction and venue in the courts of Ingham County, Michigan. If an account is referred to an attorney for collection, the buyer agrees to hold the auction house harmless and to indemnify it for all costs of collection, including actual, reasonable attorney's fees, with interest as provided in Paragraph 4 accruing on the entire amount until paid.

9. **BIDDING IN THIS AUCTION SALE CONSTITUTES ACCEPTANCE BY THE BIDDER OF ALL THE FOREGOING TERMS OF SALE.**

# The NBD Bank Money Museum Collection

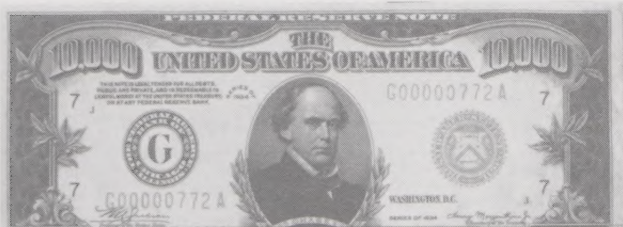

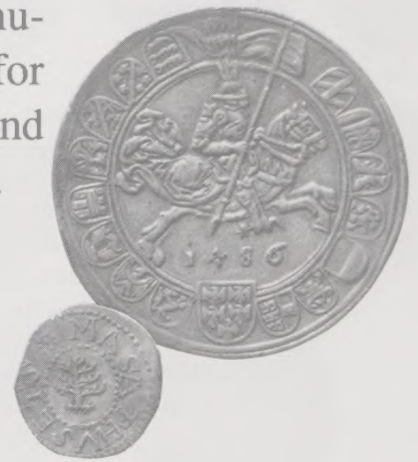

## Welcome!

The Money Museum of NBD Bank (formerly National Bank of Detroit) was established in 1960, shortly after the bank moved into its new headquarters building in downtown Detroit.

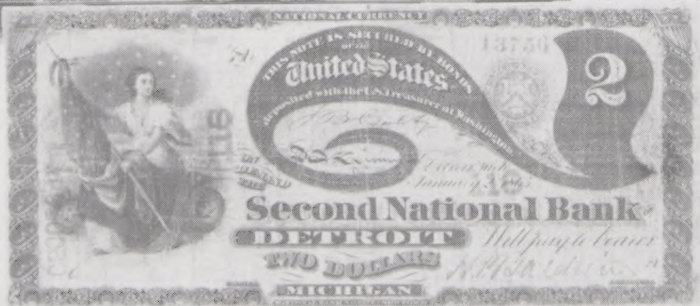

The first curator of the museum was Rear Admiral Oscar H. Dodson (retired), past president of the American Numismatic Association and a noted collector and author. He was succeeded by Charles R. Hoskins, now director of the International Numismatic Society Authentication Bureau. Since the early 1970's, the museum has been under the direction of Susan E. Cherry, who for many years wrote the coin column for *The Detroit News* and promoted the hobby through exhibits and media appearances.

From its beginning, the Money Museum collection has been distinguished by its diversity, covering the full range of collectibles from coins and currency to medals, tokens and exnumia. And because Michigan is the museum's home and Detroit the bank's headquarters, the collection has tradition-

ally focused on material of local interest. Thus it includes medals, tokens and Depression scrip from Michigan cities and an impressive grouping of Michigan obsolete and national bank notes.

During the thirty years of its existence, the Money Museum was viewed by hundreds of thousands of visitors and toured by school children throughout the greater

Detroit area. Today a portion of the museum collection is being offered for sale in the hope that collectors everywhere will have the opportunity to own some of its holdings and share in its history.

## Swedish Plate Money

### From the Wreck of the "NICOBAR"

Among the most unusual forms of world currency are the sheets of copper stamped with marks of value known as Swedish Plate Money and issued between 1644 and 1776 by the government of Sweden.

In 1987, two divers, Louis Groenwald and Wilford Chivell discovered the remains of a shipwreck off the coast of South Africa. This ship was identified as the "Nicobar", sunk in 1783. Among its sea-laden treasure were 3000 pieces of plate money.

The following selection of 11 pieces from the "Nicobar" offers the collector a wonderful opportunity to acquire one of the world's most unique forms of currency at truly modest prices. Each is accompanied by a Certificate of Authenticity.

## Silver Libertas Americana Medal

- 976P. **The Beautiful Libertas Americana Medal, 1781 [1782], struck in silver.** 47 mm, 46.7 gms, Betts-615; Loubat-14. About Extremely Fine, deeply toned, cpl. digs above Liberty. Commissioned by Dr. Benjamin Franklin from dies by Augustin Dupre. Exceedingly rare, one of very few recorded examples that survives from the original silver mintage. According to references the silver Libertas Americana medals were struck for presentation to the American Commissioners in Paris (Benjamin Franklin, Thomas Jefferson, et al), and for presentation to the important members of the American Congress. The obverse features the bust of American Liberty with Phrygian cap on a pole behind her head; while the reverse depicts an infant Hercules strangling two serpents (reference to the battles of Saratoga and Yorktown), protected from cowardly British leopard by France portrayed as Minerva. The obverse design of Liberty with flowing hair served as the inspiration for our own first coinage designs (1793) of half and large cents. This most beautiful and exceedingly rare example in silver is among the many highlights of the NBD Bank Money Museum Collection and certain to generate competitive bidding.

### The Delaware Mine

Delaware is still shown on some Michigan maps. However, only one house is occupied, the rest of the company row houses are abandoned and in a serious state of deterioration. The 100+ year old pump house and hoist buildings have half crumbled away. The Delaware Mine has been re-opened in part as a summer tourist attraction. Pennsylvania, which was adjacent to the Delaware, is "gone" - nothing remains. All but two of the notes offered below bear the signature of the agent Sam Hill. He had such a profane tongue that his reputation for such was widespread. This is the source of the expression "What the Sam Hill are you talking about," indicating cuss words in abundance.
